HONDA QUALITY AT WORK

International Honda Technology delivers amazing performance when it comes to portable pumpsets. Low vibration, low noise, compact design & shortest self priming time are some of the key features that has made it favourite worldwide. Besides, many other design & material parameters enhance its overall performance.

- H** Cast Iron Impeller and mechanical seals allow you to have the minimum maintenance costs for Self Priming Pumpsets.
- H** Imported Zedellium Coated Fuel Tank avoids corrosion and keeps fuel clean.
- H** Oil bath Air Cleaner is suitable for dusty agricultural environment which ensures clean air to go inside the engine.
- H** Protector muffler made of special Imported Zinc Material, prevents from catching fire due to dry grass clippings.
- H** Yellow Passivated nuts & bolts ensure longer life and ease in maintenance due to dust-resistant property.
- H** Composite material fuel tube to prevent eventual fire hazards.
